Verse 1:

Make us one, a real community
Marked by love so that all the world can see
Your light has come, like a spark illuminating your kingdom
A holy flame burning for your name that cannot be hidden

Chorus:

So we'll shine like the stars in the sky
Holding onto the Word of Life
We'll shine through the darkest night
'Cause you are the hope and the whole world needs Your light

Verse 2:

Unity, like the Spirit, Son and Father
In our diversity we belong to one another
Like a family, selflessly we serve the other as one Body
We are a light and we're shining bright like a hilltop city

Chorus:

Bridge:

You made the stars to shine, You made the sun to rise
Let us be like these great lights and glorify...
You made the stars to shine, You made the sun to rise
Let us be like these great lights and glorify the Source of Light
His name is Jesus, His name is Jesus, yeah

Chorus:
